JavaScript

React.js

Node.js & Express.js

PHP & Laravel

MySQL & MongoDB

EDUCATION

Specialized Technician Diploma in Digital Development (Full-Stack Web Development) **OFPPPT**

2023 - 2025

Training focused on Full-Stack web application development, database design, object-oriented programming, as well as the analysis and implementation of IT projects.

Baccalaureate – Life and Earth Sciences (SVT)

2022

General education providing a strong foundation in science, analytical reasoning, and problem-solving.

EXPERIENCE

Full-Stack Web Developer Intern *ISIM*

2025

Developed an intern management and exam scheduling platform using Laravel, contributing to database design, feature development, and user interface implementation.

Freelance Web Developer *PLANLES*

2025

Designed and developed a modern landing page with Next.js for a driving education platform.

Website: planles.nl

Freelance Web Developer *ENERGIE DOKTER*

2025

Developed a responsive landing page with Next.js for a company specializing in renewable energy solutions.

Website: energiedokter.vercel.app

Web Developer (Personal Projects) *GITHUB*

2023-Now

Developed several Full-Stack and Front-end projects to strengthen my skills, particularly in React.js, Next.js, Node.js, Laravel, and React Native. These projects are available on my GitHub profile.
